

## 5820 Student Leader Program

The purpose in the Student Leader Program for students in grade six is to develop and enhance leadership qualities and to develop their ability to guide and assist other children.

The student leaders are chosen from the sixth grade by the student leader advisor's recommendation of students along with the fifth and sixth grade teachers' approval. The advisor and teachers then discuss and approve a final list. Approximately six students are chosen.

### Student Leader Expectations

1. Demonstrate, accept and assume leadership roles.
2. Cooperate, contribute and share in the work of the student leader group.
3. Demonstrate respect for all students. Student leaders are honest, courteous and polite.
4. Demonstrate prompt attention to tasks as assigned by the student leader advisor. Efficiency of performance will be continually monitored.
5. Maintain academic standards and expectations as required by classroom teachers.

### Minimum Standard of Performance

1. Maintain at least a B in all subjects. If not, a half of marking period probation. Demonstrate excellent behavior throughout the course of the school year.

If an office referral occurs, the student leader will be on probation. Two referrals will result in an automatic removal from the organization.

2. Failure to meet all of the above mentioned expectations will result in a student leader's removal from the organization. This will be a joint decision made by the Principal, the student leader advisor and the sixth grade teachers.

### Applied Curriculum

This is correlated with the regular physical education program. Student leaders will coordinate various activities throughout the year as well as help teachers with special duties. They will also work closely with the P.T.O/P.T.A. on various projects.

Adopted: 9 February 2004
